January 1 2018

Dear Patients,

I'd like to take this opportunity to thank you for the faith and trust you have given me over the last 37 years. It is with mixed emotions that I am announcing my retirement. I know that my patients will continue to receive the best care equal to the standard I have set. My partners that I leave behind; Robert DaSilva, Kaitlin Peretto and Brian DaSilva; will continue to provide the highest quality of care. It is in knowing this that I can retire.

Over almost 4 decades, I have become part of your families. I have watched them grow even to the point that I've now had the unique opportunity of treating the children of children I began my practice with. You have welcomed me in sharing both your heartaches and joy. I will take these memories with me into retirement and cherish them. I have appreciated your loyalty over the years more than you know. I have grown to think of many of you as friends as well as patients. I will truly miss our conversations of life, fitness and family.

For those of you that have not met our other doctors, I urge you to read more about them and get to know them on our website: <https://www.eastwindsordental.com>

Rob has been my partner for over 34 years. More recently, Kaitlin joined us 5 years ago and in keeping with family tradition, Brian joined us 3 years ago. I can fully enjoy retirement knowing I have left you all in excellent hands. I know each of our doctors share my conservative practice philosophy.

My retirement is effective January 11, 2018. I wish I could say goodbye to every one of you, but I know that this is not possible. So for so many of you that I will not see before then, please know that I have loved every minute of caring for you, and wish you all health and happiness.

Sincerely,

Robert Whiteley
